

# HOTEL RIML CHECKLISTE

## Arrival Information

Your stay is getting closer and closer. To make your vacation as pleasant as possible, we would like to send you some helpful information below.

### Arrival

Please note that the journey from Italy is not possible during the whole winter, the Timmelsjoch is closed! For safety's sake, please enter **PLZ 6456 OBERGURGL** in your navigation device, otherwise it could happen that you are directed over the closed pass road after all and have to turn around again.

On highways in Austria you need a vignette (you can get them at gas stations), the road to Hochgurgl is only passable with chains and winter tires in snowy conditions. For diesel vehicles, it is advisable to fill up with winter diesel at an Austrian gas station to avoid the car not starting after a longer parking time.

### E-Charging Station

To ensure our guests have a comfortable stay, we have four electric vehicle charging points available, which you are welcome to use for a fee. Our team will be happy to handle the entire charging process for you on request. Once charging is complete, your vehicle will, of course, be returned to its original parking space. The charges will be conveniently added to your room bill. If you would like to use this service, our team is always happy to assist you.

### Room & Suite

Your room is ready for occupancy from 14:00. Please let us know if you are arriving earlier. We will make a note of this and try to make the room available early. However, despite our best efforts, we cannot guarantee this. We will be happy to store your luggage in our luggage room in the meantime. In the meantime, relax in our wellness area, in our bar, our restaurant or, if the weather is nice, on our sun terrace and enjoy our afternoon buffet from 14:00.

On the day of your departure, why not make use of our Day Use Service (for an additional charge) and extend your stay in a relaxed atmosphere? Spend a few more pleasant hours in our wellness area, at our bar, in our restaurant or on our sun terrace (including an afternoon buffet).

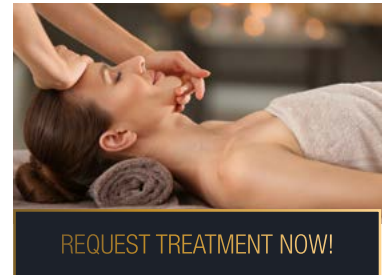

## Additional Services

Are you more than one person who would like to share a table? We kindly ask you to inform us in advance. However, please note that we cannot make any commitment for table numbers.

Have you booked your ski pass, private ski instructor, ski rental, massage and beauty treatments?

## Beauty treatment

The massage and cosmetic offer at Hotel Riml provides real well-being for body and soul. Directly from the slopes you can go to our wellness area, where our masseurs will get your energy flowing again. Or you can let our beauticians pamper you with selected beauty treatments. We use only certified organic oils and products for the cosmetic offer at Hotel Riml.

## Ski rental

Save 10% when you book online, and as much as 15% when you pay online!

With our handy online ski hire service, you can conveniently reserve your preferred skis before you arrive and then simply collect them on site – no waiting, no queuing and no red tape.

SKI RENTAL

## Skipass

Book your ski pass online and save time and money. In the ski ticket store you can order your ski pass for Obergurgl-Hochgurgl conveniently via the Internet. Simply select the desired date, specify the type of ticket (e.g. adult) and add it to the shopping cart. The earlier you book, the cheaper the ticket. With a QR code, the ski pass can be easily picked up on site at the lift ticket offices or vending machines.
